

HACK SAW BLADES.

FOR USE IN HAND FRAMES.

	6-in.	7-in.	8-in.	9-in.	10-in.	11-in.	12-in.
$\frac{1}{2}$ inch wide, per gross....	\$6 60	\$7 20	\$7 80	\$8 40	\$10 00	\$11 00	\$12 00

FOR POWER MACHINES.

	10-in.	11-in.	12-in.	14-in.	17-in.	20-in.
$\frac{5}{8}$ inch wide, per gross....	\$10 20	\$11 40	\$12 60	\$15 00
$\frac{3}{4}$ inch wide, per gross....	15 00	18 00
1 inch wide, per gross....	\$36 00	\$38 00

Standard size teeth, for machinists' use.....15 teeth to inch
 Fine size teeth, for Brass, Aluminum and coarse tubing.....24 teeth to inch
 Extra fine size teeth, for tubing finer than 20 gauge.....32 teeth to inch

"STERLING" HACK SAW FRAMES.

SOLID FRAMES.

No. 10. Malleable (not cast) Iron, strong and service- able. Fine Black Enamel Finish, per dozen.....	8-in. \$3 75	9-in. \$4 00
No. 20. $2\frac{1}{2}$ in. deep, polished Steel, without blade, per dozen	8-in. \$6 00	9-in. \$6 30 10-in. \$6 60 12-in. \$7 20
No. 2. Steel, Nickeled, without blade, per doz. 8-inch, 9-inch, 10-inch— $3\frac{1}{4}$ inches deep; 12-inch— $2\frac{1}{2}$ inches deep.	\$8 40	\$8 70 \$9 00 \$9 60
No. 30. $5\frac{1}{2}$ in. deep, extra weight steel frames, $\frac{7}{8} \times \frac{1}{4}$ in. Not Nickeled, without blade.....	12-in. \$16 00	14-in. \$18 00
Nickeled, without blade	18 00	20 00

RAILROAD TRACK SAW FRAMES.

"POLISHED STEEL."

Frames only, per doz.

No. 55. Depth $7\frac{1}{4}$ in. for 12-in. blades	\$19 50
No. 56. Depth $7\frac{1}{4}$ in. for 14-in. blades	20 50
No. 57. Depth $10\frac{1}{4}$ in. for 12-in. blades	21 50
No. 58. Depth $10\frac{1}{4}$ in. for 14-in. blades	22 50

"NICKELED."

Frames only, per doz.

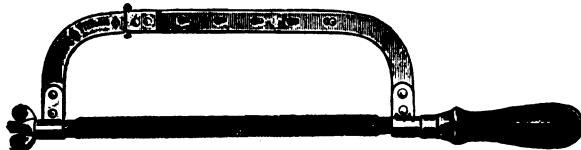

No. 60. Depth $7\frac{1}{4}$ in. for 12-in. blades	\$23 00
No. 65. Depth $7\frac{1}{4}$ in. for 14-in. blades	23 00
No. 70. Depth $10\frac{1}{4}$ in. for 12-in. blades	24 00
No. 75. Depth $10\frac{1}{4}$ in. for 14-in. blades	25 00

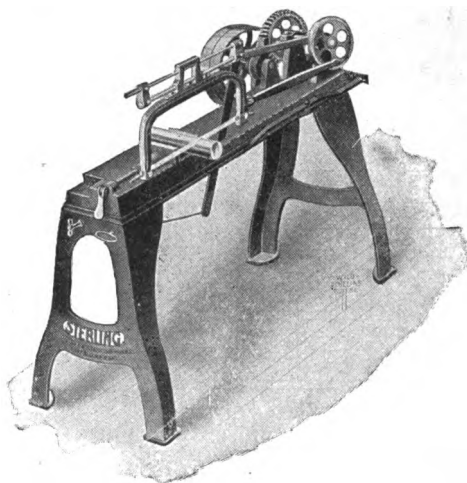

N. B.—The above are all steel forged frames, made from stock 1 in. x $\frac{1}{4}$ in.

ADJUSTABLE.

Takes 8-inch to 12-inch blade.

No. 40. Polished.....	\$9 00
No. 50. Nickeled.....	12 00

"STERLING" POWER HACK SAW MACHINES.**NEW FEATURES OF THE "STERLING" POWER HACK SAW.**

- 1st. Gear Driven.
- 2nd. Tight and Loose Pulley.
- 3rd. Automatic Shut-off. (Saw stopped on backward stroke.)
- 4th. Gravity Feed.
- 5th. Pinion Gear and Driving Shaft Bearings Cast on Bed.

Machine No. 1, takes 10-inch and 12-inch blades. Price \$25 00

Machine No. 2, takes 14-inch blades Price 30 00
